

THE CHLORINE INSTITUTE

1300 Wilson Blvd., Suite 525, Arlington, VA 22209

TEL : 703-894-4140

November 6, 2020

Dear: Mr. Barker

On behalf of the Board of Directors, the officers and the staff of The Chlorine Institute, I extend a warm welcome to Penflex Corporation as an official member of the Institute. The Board of Directors approved your company's application for membership on November 6, 2020.

The mission of the Chlorine Institute is to foster continuous improvement to safety and the protection of human health and the environment connected with the production, distribution, and use of chlorine, sodium and potassium hydroxides, and sodium hypochlorite; and the distribution and use of hydrogen chloride. Members are expected to fully support the entire mission in all activities. You will receive a copy of our Member Safety and Security Commitment for signature annually as a reminder of your obligations as an Institute member.

I urge you to become fully engaged in the Institute's activities in order to get the most out of your membership. Whether it's by participating on issue teams, task groups, attending meetings or utilizing the technical support available to our members, we invite you to make use of all the benefits your membership provides.

Once we have received your initial dues payment, you will receive your certificates for six free printed publications and a complimentary meeting registration. You will also receive your secure login information to access CI's members-only section on the website at www.chlorineinstitute.org. If there is anything the staff can do to help your company maximize your membership investment with CI, please don't hesitate to contact Cindy Kuranchie at 703-894-4124 or cindy@CL2.com. If there is anything I can do, please feel free to contact me at 703-894-4116 or freiner@CL2.com.

Welcome to The Chlorine Institute!

Very truly yours,

Frank Reiner
